Profile

Fifth-year engineering student at FST Fez in the Intelligent, Communicating and Mobile Systems (SICOM) program, I am passionate about information technologies, software development, artificial intelligence, and software creation. My goal is to obtain a PFE (final-year project) internship to strengthen my technical skills and actively contribute to innovative projects.

Education

2025 – In progress : Fez	Fifth year of the State Engineering Program – Faculty of Science and Technology. Specialization : Intelligent, Communicating and Mobile Systems (SICOM).
2022 – 2023 : Mohammedia	Bachelor of Science and Technology – Faculty of Science and Technology. Specialization: Computer Science, Networks and Multimedia.
2020 – 2022 : Mohammedia	University Diploma in Science and Technology – Faculty of Science and Technology. Specialization: Mathematics, Computer Science and Physics.
2018 – 2019 : Casablanca.	Baccalaureate in Physical and Chemical Sciences.

Experiences

July 2025 – August 2025: Fez	End-of-Year Internship (PFA). FST Fez <u>Topic:</u> Design and development of a web application for digitizing the library services of FST, including loan management, book management, and user management. <u>Technical environment:</u> React.js, Java (Spring Boot), Postman, Figma, MySQL, VS Code, IntelliJ IDEA, XAMPP, Node.js.
July 2024 – August 2024: Casablanca	Introduction Internship. Centrale Danone <u>Topic:</u> Design and development of a mobile application allowing shop owners to place their orders online, with order tracking, customer (shop owners) management, and sales reporting. <u>Technical environment:</u> React Native, Java (Spring Boot), Postman, Figma, MySQL, VS Code, IntelliJ IDEA, XAMPP, Node.js.
April 2023 – June 2023: Casablanca	Final-Year Internship and Project (PFE). Dental Clinic <u>Topic:</u> Design and development of a mobile application for managing a dental clinic, including appointment scheduling, medical record management, medication management, and a patient assistance service. <u>Technical environment:</u> Python (Kivy, KivyMD, PyMongo), MongoDB, VS Code, PyCharm, MongoDB Compass.

Skills

Programming Languages : Python, Java, JavaScript, C/C++, MATLAB, SQL, PHP, Shell Script, VHDL.

Frameworks & Libraries : Python (Kivy, KivyMD, OpenCV, Pandas, TensorFlow.), Java (Spring Boot, Swing.), JavaScript (React.js, React Native, Node.js.)

Databases : MySQL, MongoDB, PostgreSQL.

Embedded Systems : Arduino, ESP32, STM32, Raspberry Pi.

Tools & Environments / IDEs: VS Code, IntelliJ IDEA, Jupyter Notebook, PHPMyAdmin, MongoDB Compass, Anaconda, Figma, Postman, Android Studio, PyCharm.

Project Design & Planning: Microsoft Project, LibreProject, GanttProject, StarUML.

Office Tools: Word, PowerPoint, Excel.

Professional Qualities.

Communication : Clear idea presentation, active listening, effective communication.

Teamwork : Collaboration and team spirit, conflict management.

Problem-Solving : Complex problem analysis and resolution, critical thinking, creativity.

Autonomy & Responsibility : Initiative and decision-making, adaptability and flexibility.

Academic Projects

- ❖ Development of an E-commerce Web Application

Tools: React.js, Java (Spring Boot), MySQL.

- ❖ Processing of the MNIST Image Dataset

Tools: Python (Pandas, NumPy, Pillow, Matplotlib).

- ❖ Creation of a New Lossless Audio Compression Format.

Tools: Python (Tkinter, NumPy, Pydub, Huffman and RLE compression algorithms).

- ❖ Development of a Desktop Application for Signal Processing.

Tools: MATLAB.

- ❖ Java-Based Application for Sending SMS.

Tools: Java (Swing, OkHttp3).

- ❖ Development of a Hotel Reservation Website.

Tools: HTML, CSS, JavaScript, PHP, MySQL.

- ❖ Development of an Intelligent System for Road Sign Detection.

Tools: Python (OpenCV, NumPy, Threading, KivyMD, Socket, TensorFlow, Keras, Pandas).

Languages

Arabic: Native language.

French: Read, spoken and written.

English: Read, spoken and written.

Interests

Programming, Sports, Music, Reading, Communication.
